Equal Educational Opportunities

Equal educational and extracurricular opportunities shall be available for all students without regard to color, race, nationality, religion, sex, sexual orientation, ancestry, age, physical or mental disability, gender identity, status of being homeless, order of protection status, actual or potential marital or parental status, including pregnancy. Further, the District will not knowingly enter into agreements with any entity or any individual that discriminates against students on the basis of sex or any other protected status, except that the District remains viewpoint neutral when granting access to school facilities under Board policy 8:20, *Community Use of School Facilities*. Any student may file a discrimination grievance by using Board policy 2:260, *Uniform Grievance Procedure*.

Sex Equity

No student shall, based on sex, sexual orientation, or gender identity be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student may file a sex equity complaint by using Board policy 2:260, *Uniform Grievance Procedure*. A student may appeal the Board's resolution of the complaint to the Regional Superintendent (pursuant to 105 ILCS 5/3-10) and, thereafter, to the State Superintendent of Education (pursuant to 105 ILCS 5/2-3.8).

Administrative Implementation

Student and Family Privacy Rights

Surveys

All surveys requesting personal information from students, as well as any other instrument used to collect personal information from students, must advance or relate to the District's educational objectives as identified in Board policy 6:10, *Educational Philosophy and Objectives*, or assist students' career choices. This applies to all surveys, regardless of whether the student answering the questions can be identified and regardless of who created the survey.

Surveys Created by a Third Party

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent(s)/guardian(s) may inspect the survey or evaluation, upon their request and within a reasonable time of their request.

This section applies to every survey: (1) that is created by a person or entity other than a District official, staff member, or student (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Survey Requesting Personal Information

School officials and staff members shall not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the District) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.
3. Behavior or attitudes about sex.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.

7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program.

The student's parent(s)/guardian(s) may:

1. Inspect the survey or evaluation upon, and within a reasonable time of, their request, and/or
2. Refuse to allow their child or ward to participate in the activity described above. The school shall not penalize any student whose parent(s)/guardian(s) exercised this option.

Instructional Material

A student's parent(s)/guardian(s) may inspect, upon their request, any instructional material used as part of their child/ward's educational curriculum within a reasonable time of their request.

The term "instructional material" means instructional content that is provided to a student, regardless of its format, printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or academic assessments.

Physical Exams or Screenings

No school official or staff member shall subject a student to a non-emergency, invasive physical examination or screening as a condition of school attendance. The term "invasive physical examination" means any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.

The above paragraph does not apply to any physical examination or screening that:

1. Is permitted or required by an applicable State law, including physical examinations or screenings that are permitted without parental notification.
2. Is administered to a student in accordance with the Individuals with Disabilities Education Act (20 U.S.C. §1400 et seq.).
3. Is otherwise authorized by Board policy.

Selling or Marketing Students' Personal Information Is Prohibited

No school official or staff member shall market or sell personal information concerning students (or otherwise provide that information to others for that purpose). The term "personal information" means individually identifiable information including: (1) a student or parent's first and last name, (2) a home or other physical address (including street name and the name of the city or town), (3) a telephone number, or (4) a Social Security identification number or (5) driver's license number or State identification card.

The above paragraph does not apply: (1) if the student's parent(s)/guardian(s) have consented; or (2) to the collection, disclosure or, use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational institutions, such as the following:

1. College or other postsecondary education recruitment, or military recruitment.
2. Book clubs, magazines, and programs, providing access to low-cost literary products.
3. Curriculum and instructional materials used by elementary schools and secondary schools.
4. Tests and assessments to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments.
5. The sale by students of products or services to raise funds for school-related or education-related activities.
6. Student recognition programs.

Under no circumstances may a school official or staff member provide a student's "personal information" to a business organization or financial institution that issues credit or debit cards.

Notification of Rights and Procedures

The Superintendent or designee shall notify students' parent(s)/guardian(s) of:

1. This policy as well as its availability upon request from the general administration office.
2. How to opt their child or ward out of participation in activities as provided in this policy.
3. The approximate dates during the school year when a survey requesting personal information, as described above, is scheduled or expected to be scheduled.

4. How to request access to any survey or other material described in this policy.

This notification shall be given parent(s)/guardian(s) at least annually, at the beginning of the school year, and within a reasonable period after any substantive change in this policy.

The rights provided to parent(s)/guardian(s) in this policy transfer to the student when the student turns 18 years old, or is an emancipated minor.

 - b. Creating an intimidating, hostile, or offensive educational environment;
 - c. Depriving a student of educational aid, benefits, services, or treatment; or
 - d. Making submission to or rejection of such conduct the basis for academic decisions affecting a student.

The terms "intimidating," "hostile," and "offensive" include conduct that has the effect of humiliation, embarrassment, or discomfort. Examples of sexual harassment include touching, crude jokes or pictures, discussions of sexual experiences, teasing related to sexual characteristics, and spreading rumors related to a person's alleged sexual activities.

Making a Complaint; Enforcement

Nonpublic School Students, Including Parochial and Home-Schooled Students

Part-Time Attendance

The District accepts nonpublic school students, including parochial and home-schooled students, who live within the District for part-time attendance in the District's regular education program on a space-available basis. Requests for part-time attendance must be submitted to the principal of the school in the school attendance area where the student resides. All requests for attendance in the following school year must be submitted before May 1.

Students accepted for partial enrollment must comply with all discipline and attendance requirements established by the school. A private school student may attend any co-curricular activity associated with a District class in which he or she is enrolled. The parent(s)/guardian(s) of a student accepted for part-time attendance is responsible for all fees, pro-rated on the basis of a percentage of full-time fees. Transportation to and/or from school is provided to non-public school students on regular bus routes to or from a point on the route nearest or most easily accessible to the non-public school or student's home. This transportation shall be on the same basis as the District provides transportation for its full-time students. Transportation on other than established bus routes shall be the responsibility of the parent(s)/guardian(s).

Students With a Disability

The District will accept for part-time attendance those students with disabilities who live within the District and are enrolled in non-public schools. Requests must be submitted by the student's parent(s)/guardian(s). Special educational services shall be provided to such students as soon as possible after identification, evaluation, and placement procedures provided by State law, but no later than the beginning of the next school semester following the completion of such procedures. Transportation for such students shall be provided only if required in the child's individualized educational program on the basis of the child's disabling condition or as the special education program location may require.

Extracurricular Activities

Only students enrolled full-time in District 3 are permitted to participate in extracurricular activities such as sports and clubs.

Assignment When Enrolling Full-Time in a District School

Grade placement by, and academic credits earned at, a nonpublic school will be accepted if the school has a Certificate of Nonpublic School Recognition from the Illinois State Board of Education, or, if outside Illinois, if the school is accredited by the state agency governing education.

A student who, after receiving instruction in a non-recognized or non-accredited school, enrolls in the District will: (1) be evaluated and assigned to a grade level according to academic proficiency, and/or (2) be awarded academic credits from the District if the student demonstrates appropriate

academic proficiency to the school administration. This also applies to home-schooled students seeking admission to the District. Any portion of a student's transcript relating to such instruction will not be considered for placement on the honor roll or computation in class rank.

Recognition of grade placement and academic credits awarded by a nonpublic school is at the sole discretion of the District. All school and class assignments will be made according to Board of Education policy 7:30, Student Assignment, as well as administrative procedures implementing this policy.

Admission Procedure

All students must register for school each year on the dates and at the place designated by the Superintendent.

Parents/guardians of students enrolling in the District for the first time must present:

1. A certified copy of the student’s birth certificate. If a birth certificate is not presented, the Superintendent or designee shall notify in writing the person enrolling the student that within

30 days he or she must provide a certified copy of the student's birth certificate. When a certified copy of the birth certificate is presented, the school shall promptly make a copy for its records, place the copy in the student's temporary record, and return the original to the person enrolling the child. If a person enrolling a student fails to provide a certified copy of the student's birth certificate, the Superintendent or designee shall immediately notify the local law enforcement agency, and shall also notify the person enrolling the student in writing that, unless he or she complies within 10 days, the case will be referred to the local law enforcement authority for investigation. If compliance is not obtained within that 10-day period, the Superintendent or designee shall so refer the case. The Superintendent or designee shall immediately report to the local law enforcement authority any material received pursuant to this paragraph that appears inaccurate or suspicious in form or content.

2. Proof of residence, as required by Board policy 7:60, *Residence*.

Residence

Resident Students

Only students who are residents of the District may attend a District school without a tuition charge, except as otherwise provided below or in State law. A student's residence is the same as the person who has legal custody of the student.

A person asserting legal custody over a student, who is not the child's natural or adoptive parent, shall complete a signed statement, stating: (a) that he or she has assumed and exercises legal responsibility for the child, (b) the reason the child lives with him or her, other than to receive an education in the District, and (c) that he or she exercises full control over the child regarding daily educational and medical decisions in case of emergency. If the District knows the current address of the child's natural or adoptive parent, the District shall request in writing that the person complete a signed statement or Power of Attorney stating: (a) the role and responsibility of the person with whom their child is living, and (b) that the person with whom the child is living has full control over the child regarding daily educational and medical decisions in case of emergency.

A student whose family moves out of the District during the school year will be permitted to attend school for the remainder of the year without payment of tuition.

When a student's change of residence is due to the military service obligation of the student's legal custodian, the student's residence is deemed to be unchanged for the duration of the custodian's military service obligation if the student's custodian made a written request. The District, however, is not responsible for the student's transportation to or from school.

If, at the time of enrollment, a dependent child of military personnel is housed in temporary housing located outside of the District, but will be living within the District within 60 days after the time of initial enrollment, the child is allowed to enroll, subject to the requirements of State law, and must not be charged tuition.

Requests for Non-Resident Student Admission

Non-resident students may attend District schools upon the approval of a request submitted by the student's parent(s)/guardian(s) for non-resident admission. The Superintendent may approve the request subject to the following:

1. The student will attend on a year-to-year basis. Approval for any one year is not authorization to attend a following year.
2. The student will be accepted only if there is sufficient room.
3. The student's parent(s)/guardian(s) will be charged the maximum amount of tuition as allowed by State law.
4. The student's parent(s)/guardian(s) will be responsible for transporting the student to and from school.

Admission of Non-Resident Students Pursuant to an Agreement or Order

Non-resident students may attend District schools tuition-free pursuant to:

1. A written agreement with an adjacent school district to provide for tuition-free attendance by a student of that district, provided both the Superintendent or designee and the adjacent district determine that the student's health and safety will be served by such attendance.
2. A written agreement with cultural exchange organizations and institutions supported by charity to provide for tuition-free attendance by foreign exchange students and non-resident pupils of charitable institutions.
3. According to an intergovernmental agreement.
4. Whenever any State or federal law or a court order mandates the acceptance of a non-resident student.

Homeless Children

Any homeless child shall be immediately admitted, even if the child or child's parent/guardian is unable to produce records normally required to establish residency. Board policy 6:140, *Education of Homeless Children*, and its implementing administrative procedure, govern the enrollment of homeless children.

Challenging a Student's Residence Status

If the Superintendent or designee determines that a student attending school on a tuition-free basis is a non-resident of the District for whom tuition is required to be charged, he or she on behalf of the Board shall notify the person who enrolled the student of the tuition amount that is due. The notice shall be given by certified mail, return receipt requested. The person who enrolled the student may challenge this determination and request a hearing as provided by The School Code, 105 ILCS 5/10-20.12.b.

This policy applies to individuals who have custody or control of a child: (a) between the ages of 7 and 17 years of age (unless the child has graduated from high school), or (b) who is enrolled in any of grades, kindergarten through 12, in the public school regardless of age. These individuals must cause the child to attend the District school wherein the child is assigned, except as provided herein or by State law. Subject to specific requirements in State law, the following children are not required to attend public school: (1) any child attending a private school (including a home school) or parochial school, (2) any child who is physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), (3) any child lawfully and necessarily employed, (4) any child over 12 and under 14 years of age while in confirmation classes, (5) and any child absent because his or her religion forbids secular activity on a particular day.

The parent/guardian of a student who is enrolled must authorize all absences from school and notify the school in advance or at the time of the student's absence. A valid cause for absence includes illness, observance of a religious holiday, death in the immediate family, family emergency, other situations beyond the control of the student, other circumstances that cause reasonable concern to the parent/guardian for the student's safety or health, or other reason as approved by the Superintendent or designee.

Absenteeism and Truancy Program

The Superintendent or designee shall manage an absenteeism and truancy program in accordance with The School Code and School Board policy. The program shall include but not be limited to:

1. A process to telephone, within 2 hours after the first class, the parents/guardians of students in grade 8 or below who are absent without prior parent/guardian notification.
2. A process to identify and track students who are truants, chronic or habitual truants, or truant minors as defined in The School Code, Section 26-2a.
3. Methods for identifying the cause(s) of a student's unexcused absenteeism, including interviews with the student, his or her parent(s)/guardian(s), and staff members or other people who may have information.
4. The identification of supportive services that may be offered to truant or chronically truant students, including parent-teacher conferences, student and/or family counseling, or information about community agency services. See Board policy 6:110, *Programs for Students At Risk of Academic Failure and/or Dropping Out of School and Graduation Incentives Program*.

5. A process to request the assistance and resources of outside agencies, such as, the juvenile officer of the local police department or the truant office of the appropriate Regional Office of Education, if truancy continues after supportive services have been offered.
6. A protocol for cooperating with non-District agencies including County or municipal authorities, the Regional Superintendent, truant officers, the Community Truancy Review Board, and a comprehensive community based youth service agency. Any disclosure of school student records must be consistent with Board policy 7:340, *Student Records*, as well as State and federal law concerning school student records.
7. An acknowledgement that no punitive action, including out-of-school suspensions, expulsions, or court action, shall be taken against a chronic truant for his or her truancy unless available supportive services and other school resources have been provided to the student.
8. The criteria to determine whether a student's non-attendance is due to extraordinary circumstances shall include economic or medical necessity or family hardship and such other criteria that the Superintendent believes qualifies.

Health, Eye, and Dental Examinations; Immunizations; and Exclusion of Students

Required Health Examinations and Immunizations

A student's parent(s)/guardian(s) shall present proof that the student received a health examination and the immunizations against, and screenings for, preventable communicable diseases, as required by the Illinois Department of Public Health, within one year prior to:

1. Entering kindergarten or the first grade;
2. Entering the sixth grade; and
3. Enrolling in an Illinois school, regardless of the student's grade (including nursery school, special education, headstart programs operated by elementary or secondary schools, and students transferring into Illinois from out-of-state or out-of-country).

As required by State law:

1. Health examinations must be performed by a physician licensed to practice medicine in all of its branches, an advanced practice nurse who has a written collaborative agreement with a collaborating physician authorizing the advanced practice nurse to perform health examinations, or a physician assistant who has been delegated the performance of health examinations by a supervising physician.
2. A diabetes screening must be included as a required part of each health examination; diabetes testing is not required.
3. Before admission and in conjunction with required physical examinations, parents/guardians of children between the ages of 6 months and 6 years must provide a statement from a physician that their child was "risk-assessed" or screened for lead poisoning.
4. The Department of Public Health will provide all female students entering sixth grade and their parents/guardians information about the link between human papilloma virus (HPV) and cervical cancer and the availability of the HPV vaccine.

Unless the student is homeless or transferring from out-of-state, failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the District. New students who register after October 15 of the current school year shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by the physician, advanced practice nurse, physician assistant, or local health department responsible for administering the immunizations.

Eye Examination

Parents/guardians are encouraged to have their children undergo an eye examination whenever health examinations are required.

Parents/guardians of students entering kindergarten or an Illinois school for the first time shall present proof before October 15 of the current school year that the student received an eye examination within one year prior to entry of kindergarten or the school. A physician licensed to practice medicine in all of its branches or a licensed optometrist must perform the required eye examination.

If a student fails to present proof by October 15, the school may hold the student's report card until the student presents proof: (1) of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15. The Superintendent or designee shall ensure that parents/guardians are notified of this eye examination requirement in compliance with the rules of the Department of Public Health. Schools shall not exclude a student from attending school due to failure to obtain an eye examination.

Dental Examination

All children in kindergarten and the second and sixth grades must present proof of having been examined by a licensed dentist before May 15 of the current school year in accordance with rules adopted by the Illinois Department of Public Health.

If a child in the second or sixth grade fails to present proof by May 15, the school may hold the child's report card until the child presents proof: (1) of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15. The Superintendent or designee shall ensure that parents/guardians are notified of this dental examination requirement at least 60 days before May 15 of each school year.

Exemptions

In accordance with rules adopted by the Illinois Department of Public Health, a student will be exempted from this policy's requirements for:

1. Religious or medical grounds if the student's parents/guardians present to the Superintendent a signed statement explaining the objection;
2. Health examination or immunization requirements on medical grounds if a physician provides written verification;
3. Eye examination requirement if the student's parents/guardians show an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
4. Dental examination requirement if the student's parents/guardians show an undue burden or a lack of access to a dentist.

Homeless Child

Any homeless child shall be immediately admitted, even if the child or child's parent/guardian is unable to produce immunization and health records normally required for enrollment. School Board policy 6:140, *Education of Homeless Children*, governs the enrollment of homeless children.

Student Transfers

Transferring In

A student seeking admission to a District school must meet all residency, age, health examination, immunization, and other eligibility prerequisites as mandated by State law. A student must also present a completed *good standing* form from the school from which the student is transferring.

If a transferring-in student was suspended or expelled from any Illinois public school for any of the following offenses, he or she shall not attend class until having served the entire period of such disciplinary action:

1. Knowingly possessing in a school building or on school grounds a weapon as defined in the Gun Free Schools Act (20 U.S.C. § 8921 *et. seq.*);
2. Knowingly possessing, selling, or delivering in a school building or on school grounds a controlled substance or cannabis; or
3. Battering a staff member of the school.

As part of the registration process, the parents of the transferring student should complete and sign a Request for Records form, which will be forwarded to the school the student is leaving. Parents will also be encouraged to present any unofficial student records, such as grade reports or recent physicals, to the receiving school. Once the official records are received, they will replace the unofficial records.

Transferring Out

Parent(s)/guardian(s) of a student transferring from the District should give the Building Principal written notification of their intent, pay outstanding fees or fines, sign a release form, and return all school-owned property.

The Building Principal shall complete a *good standing* form for any student transferring from the District. Within 10 days of a transfer notification, the Building Principal shall send to the District in which the student will or has enrolled, a completed *good standing* form, an unofficial record of the student's grades, and the remainder of the student's school records. If a transferring student was suspended or expelled for any of the reasons listed previously in this policy and the period of suspension or expulsion has not expired at the time the student attempts to transfer into another public school, any school student records required to be transferred shall include the date and duration of the suspension or expulsion. Within 10 days after the student has paid all outstanding fines and fees, the Building Principal shall mail an official transcript of the scholastic records.

Parent(s)/guardian(s) will receive prior written notice of the nature and substance of the records proposed to be released and an opportunity to review and copy them.

Search and Seizure

To maintain order and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The Superintendent may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the District's student conduct rules. The search itself must be conducted in a manner that is reasonably related to its objectives and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

When feasible, the search should be conducted as follows:

- outside the view of others, including students;
- in the presence of a school administrator or adult witness; and
- by a certificated employee or liaison police officer of the same sex as the student.

Immediately following a search, a written report shall be made by the school authority who conducted the search, and given to the Superintendent.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the District's policies or rules, such evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.

Preventing Bullying, Intimidation, and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors is an important District goal.

Bullying on the basis of actual or perceived race, color, nationality, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school sponsored or school sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.

For purposes of this policy, the term *bullying* means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student that has or can be reasonable predicted to have the effect of one or more of the following:

1. Placing the student in reasonable fear of harm to the student's person or property.
2. Causing a substantially detrimental effect on the student's physical or mental health.
3. Substantially interfering with the student's academic performance.
4. Substantially interfering with the student's ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying, intimidation, and/or harassment may take various forms, including without limitation: threats, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying.

The Superintendent or designee shall develop and maintain a program that:

1. Fully implements and enforces each of the following Board policies:
 - a. 7:20, *Harassment of Students Prohibited*. This policy prohibits any person from harassing, intimidating, or bullying a student based on an actual or perceived characteristic that is identified in the policy. Each of those characteristics is also identified in this policy's second paragraph.
 - b. 7:190, *Student Discipline*. This policy prohibits students from engaging in hazing, bullying, or any kind of aggressive behavior that does physical or psychological harm to another or any urging of other students to engage in such conduct; prohibited conduct

includes any use of violence, force, noise, coercion, threats, intimidation, fear, harassment, or other comparable conduct.

- c. 7:310, *Restrictions on Publications and Written or Electronic Material*. This policy prohibits students from: (i) accessing and/or distributing at school any written, printed, or electronic material, including material from the Internet, that will cause substantial disruption of the proper and orderly operation and discipline of the school or school activities, and (ii) creating and/or distributing written, printed, or electronic material, including photographs and Internet material and blogs, that causes substantial disruption to school operations or interferes with the rights of other students or staff members.
- d. 6:235, *Access to Electronic Networks*. This policy states that the use of the District's electronic networks is limited to: (1) support of education and/or research, or (2) a legitimate business use. It subjects any individual to the loss of privileges, disciplinary action, and/or appropriate legal actions for violating the District's *Authorization of Electronic Network Access*.

Full implementation of the above policies includes: (a) conducting a prompt and thorough investigation of alleged incidents of bullying, intimidation, harassing behavior, or similar conduct, (b) providing each student who violates one or more of these policies with appropriate consequences and remedial action, and (c) protecting students against retaliation for reporting such conduct.

2. Examines the appropriate steps to understand and rectify conditions that foster bullying, intimidation, and harassment; this contemplates taking action to eliminate or prevent these disruptive behaviors beyond traditional punitive disciplinary actions.
3. Includes bullying prevention and character instruction in all grades in accordance with State law and Board policy 6:60, *Curriculum Content*. This includes incorporating student social and emotional development into the District's educational program as required by State law and in alignment with Board policy 6:65, *Student Social and Emotional Development*.
4. Fully informs staff members of the District's goal to prevent students from engaging in bullying and the measures being used to accomplish it. This includes: (a) communicating the District's expectation – and the State law requirement – that teachers and other certificated employees maintain discipline, and (b) establishing a process for staff members to fulfill their obligation to report alleged acts of bullying, intimidation, harassment, and other acts of actual or threatened violence.
5. Encourages all members of the school community, including students, parents, volunteers, and visitors, to report alleged acts of bullying, intimidation, harassment, and other acts of actual or threatened violence.
6. Actively involves students' parents/guardians in the remediation of the behavior(s) of concern. This includes ensuring that all parents/guardians are notified, as required by State law, whenever their child engages in aggressive behavior.

7. Communicates the District's expectation that all students conduct themselves with a proper regard for the rights and welfare of other students. This includes a process for commending or acknowledging students for demonstrating appropriate behavior.
8. Annually communicates this policy to students and their parents/guardians. This includes annually disseminating information to all students and parents/guardians explaining the serious disruption caused by bullying, intimidation, or harassment and that these behaviors will be taken seriously and are not acceptable in any form.
9. Engages in ongoing monitoring that includes collecting and analyzing appropriate data on the nature and extent of bullying in the District's schools and, after identifying appropriate indicators, assesses the effectiveness of the various strategies, programs, and procedures and reports the results of this assessment to the Board along with recommendations to enhance effectiveness.
10. Complies with State and federal law and is in alignment with Board policies. This includes prompting the Board to update the policy beginning every 2 years after its initial adoption and filing this policy with the Illinois State Board of Education after the Board adopts or updates it.

This policy is not intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the First Amendment to the U.S. Constitution or under Section 3 or 4 of Article 1 of the Ill. Constitution.

- 1) Using, possessing, distributing, purchasing, or selling tobacco materials.
- 2) Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.

 - a. Any illegal drug, controlled substance, or cannabis (including marijuana and hashish).
 - b. Any anabolic steroid unless being administered in accordance with a physician's or licensed practitioner's prescription.

Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
 - e. "Look-alike" or counterfeit drugs, including a substance not containing an illegal drug or controlled substance, but one: (a) that a student believes to be, or represents to be, an illegal drug or controlled substance; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug or controlled substance.
 - f. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they had the prohibited substance, as applicable, in their possession.

- 5) Using or possessing an electronic paging device. Using a cellular telephone, video recording device, personal digital assistant (PDA), or other electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Prohibited conduct specifically includes, without limitation, creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device, or cellular phone. Unless otherwise banned under this policy or by the Building Principal, all electronic devices must be kept powered-off and out-of- sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student’s individualized education program (IEP); or (c) it is needed in an emergency that threatens the safety of students, staff, or other individuals.
- 6) Using or possessing a laser pointer unless under a staff member’s direct supervision and in the context of instruction.
- 7) Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member’s request to stop, present school identification, or submit to a search.
- 8) Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, and wrongfully obtaining test copies or scores.
- 9) Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct.
- 10) Causing or attempting to cause damage to, or stealing or attempting to steal, school property or another person’s personal property.
- 11) Being absent without a recognized excuse; State law and School Board policy regarding truancy control will be used with chronic and habitual truants.
- 12) Being involved with any public school fraternity, sorority, or secret society, by: (a) being a member; (b) promising to join; (c) pledging to become a member; or (d) soliciting any other person to join, promise to join, or be pledged to become a member.

- 14) Violating any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, and hazing.
- 15) Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term “possession” includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student’s person; (b) contained in another item belonging to, or under the control of, the student, such as in the student’s clothing, backpack, or automobile; (c) in a school’s student locker, desk, or other school property; or (d) at any other location on school property or at a school-sponsored event.

Efforts, including the use of early intervention and progressive discipline, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board’s authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

The grounds for disciplinary action, including those described more thoroughly later in this policy, apply whenever the student’s conduct is reasonably related to school or school activities, including, but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Disciplinary Measures

Disciplinary measures may include:

1. Disciplinary conference.
2. Withholding of privileges.
3. Seizure of contraband.

4. Suspension from school and all school activities for up to 10 days, provided that appropriate procedures are followed. A suspended student is prohibited from being on school grounds.
5. Suspension of bus riding privileges, provided that appropriate procedures are followed.
6. Expulsion from school and all school-sponsored activities and events for a definite time period not to exceed 2 calendar years, provided that the appropriate procedures are followed. An expelled student is prohibited from being on school grounds.
7. Notifying juvenile authorities or other law enforcement whenever the conduct involves illegal drugs (controlled substances), "look-alikes," alcohol, or weapons.
8. Notifying parents/guardians.
9. Temporary removal from the classroom.
10. In-school suspension for a period not to exceed 10 school days. The Building Principal or designee shall ensure that the student is properly supervised.
11. After-school study or Saturday study provided the student's parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
12. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation.

A student who is subject to suspension or expulsion may be eligible for transfer to an alternative school program.

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or the defense of property.

Weapons

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year, but not more than 2 calendar years.

1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1).
2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club or any other object if used or attempted to be used to cause bodily harm, including "look-alikes" of any firearm as defined above.

The expulsion requirement under either paragraph 1 or 2 above may be modified by the Superintendent, and the Superintendent's determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

Required Notices

A school staff member shall immediately notify the office of the Building Principal in the event that he or she (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member. Upon receiving such a report, the Building Principal or designee shall immediately notify the local law enforcement agency, State Police, and any involved student's parent/guardian. "School grounds" includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated educational employees, and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, Assistant Building Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 days for safety reasons.

Student Handbook

The Superintendent, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the students' parents/guardians within 15 days of the beginning of the school year or a student's enrollment.

When a student's licensed health care provider and/or parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child and otherwise follow the District's procedures on dispensing medication.

Food Allergy Management Program

School attendance may increase a student's risk of exposure to allergens that could trigger a food-allergic reaction. A food allergy is an adverse reaction to a food protein mediated by the immune system which immediately reacts causing the release of histamine and other inflammatory chemicals and mediators. While it is not possible for the District to completely eliminate the risks of exposure to allergens when a student is at school, a Food Allergy Management Program using a cooperative effort among students' families, staff members, and students helps the District reduce these risks and provide accommodations and proper treatment for allergic reactions.

The Superintendent or designee shall develop and implement a Food Allergy Management Program that:

1. Fully implements the following goals established in The School Code: (a) identifying students with food allergies, (b) preventing exposure to known allergens, (c) responding to allergic reactions with prompt recognition of symptoms and treatment, and (d) educating and training all staff about management of students with food allergies, including administration of medication with an auto-injector, and providing an in-service training program for staff who work with students that is conducted by a person with expertise in anaphylactic reactions and management.
2. Follows and references the applicable best practices specific to the District's needs in the joint State Board of Education and Ill. Dept. of Public Health publication *Guidelines for Managing Life-Threatening Food Allergies in Schools*, available at:

Student Records

School student records are confidential and information from them shall not be released other than as provided by law. Any record that contains personally identifiable information or other information that would link the document to an individual student is a school student record if maintained by the District, except: (1) records that are kept in the sole possession of a school staff member, are destroyed not later than the student's graduation or permanent withdrawal, and are not accessible or revealed to any other person except a temporary substitute teacher, and (2) records kept by law enforcement officials working in the school.

State and federal law grants students and parents/guardians certain rights, including the right to inspect, copy, and challenge school records. The information contained in school student records shall be kept current, accurate, clear and relevant. All information maintained concerning a student receiving special education services shall be directly related to the provision of services to that child.

The District may release directory information as permitted by law, but a parent/guardian shall have the right to object to the release of information regarding his or her child. However, the District will comply with an *ex parte* court order requiring it to permit the U.S. Attorney General or designee to have access to a student's school records without notice to, or the consent of, the student's parent/guardian.

The Superintendent shall implement this policy with administrative procedures. The Superintendent shall also designate a *records custodian* who shall maintain student records. The Superintendent or designee shall inform staff members of this policy, and shall inform students and their parents/guardians of it, as well as their rights regarding student school records.

Student Biometric Information Collection

The Superintendent or designee may recommend a student biometric information collection system solely for the purposes of identification and fraud prevention. Such recommendation shall be consistent with budget requirements and in compliance with State law. Biometric information means any information that is collected through an identification process for individuals based on their unique behavioral or physiological characteristics, including fingerprint, hand geometry, voice, or facial recognition or iris or retinal scans.

Before collecting student biometric information, the District shall obtain written permission from the person having legal custody of the student. Failure to provide written consent to collect biometric information shall not be the basis for refusal of any services otherwise available to a student.

All collected biometric information shall be stored and transmitted in a manner that protects it from disclosure. Sale, lease, or other disclosure of biometric information to another person or entity is strictly prohibited.

The District will discontinue use of a student's biometric information and destroy all collected biometric information within 30 days after: (1) the student graduates or withdraws from the School District, or (2) the District receives a written request to discontinue use of biometric information from the person having legal custody of the student or the student (if over the age of 18). Requests to discontinue using a student's biometric information shall be forwarded to the Superintendent or designee.

The Superintendent or designee shall develop procedures to implement this policy consistent with State and federal law.
