Parents/Kids

Imbee is a social networking site with safety in mind for kids ages 8-14. It is designed to offer kids a fun and dynamic user experience and parents easy-to use controls. www.imbee.com

Inspired by the 'Anne of Green Gables' novels, AnnesDiary.com is the first social networking site for children to use biometric technology to protect children from Internet predators. The site offers girls between the ages of 7 and 15 a secure online diary and chatroom where they can communicate safely with their peers from around the world.
